## FOTON ARRIVES FULLY ACCESSORIZED FOR THE NATIONAL 4X4 OUTDOORS SHOW

Foton will arrive at the National 4x4 Outdoors Show and Fishing and Boating Expo this weekend (19 August to 21 August 2016) fully accessorized with the Australian show debut of its accessory package for the Foton Tunland Ute.

The stand-star will be a Foton Tunland 4x4 Dual Cab that's been raised with front and rear RidePro suspension kits, mounted on Dynamic Python Alloy Wheels, rolling on Toyo AT2 Tyres, breathing through a snorkel, covered by a full canopy, pulling out of trouble with a Warn Winch and able to tow up to 2.5 tonnes with its full featured tow kit.

Completing the Foton display, which is in Hall 1, Exhibition Pavilion, Stand EP477, is, for comparison, the standard Foton Tunland 4x4 Dual Cab, which has a national driveaway price from \$30,990, and the a Foton Tunland 4x2 Single Cab Ute which is priced from \$22,490 driveaway.

Powered by the renowned and proven Cummins 2.8 litre turbo diesel engine mated to a Getrag five-speed manual transmission, the Tunland Dual Cab is well equipped when it comes to safety. Rear parking sensors, dual front airbags, Bosch 4-channel Anti-lock Braking System (ABS), and Electronic Brake force Distribution (EBD), coupled with an 8-way adjustable driver's seat all assist in delivering peace of mind.

Tunland's standard equipment list is brimming with features at no extra cost, with alloy wheels, air conditioning, power windows and mirrors, a CD/MP3/WMA/ Radio audio system with Bluetooth streaming and remote keyless entry included.

All new Foton Tunland Utes come with a 3 year/100,000km new vehicle warranty and roadside assistance and are available through a nationwide network of 39 Foton Tunland dealers.
